Copies are provided on an 8GB Flash Drive. They are MPG2 video files that can be played in Media Players or used to create DVD's. They can also be re-encoded and imbedded in Websites with permission from Falls Cable Access Corporation.

**TERMS OF USE AND COPYRIGHT INFO.** All programming is the property of Falls Cable Access Corporation and must have express written consent to copy or rebroadcast. Sales of FCAC programming is strictly prohibited. The producers of a program may also have copyright restrictions. Contact Falls Cable Access 262-251-2866 for more information.

Programs that are larger than 7.5 GB will have additional charges for larger drives. Because of the time involved to create a DVD from the Master DVCam tape, the flash drive option is the only way other than recording off the cable broadcast to obtain copies of a program. Programs are not available for download from the Peg Central Streaming Website.

Checks made out to Falls Cable Access can be dropped off at the high school when picking up the flash drive or mailed to Falls Cable Access, PO Box 342, Menomonee Falls, WI 53052 when placing the order. No orders will be accepted without an order form or signature acknowledging the terms of use.
